

Woodland Trails – Camping Options

Woodland Trails Scout Camp has 19 campsites which are spread out over 275 acres of breathtaking landscaping. All of these camping options can be booked at www.cosccamps.ca/cosc_homem.asp

Villages

Our 5 villages each have seven "summer cabins", also called "Tabins". Each Tabin has a wooden base/sides along with a canvas cover and moveable mattresses. The villages also have running water and a dining shelter. The villages are designed especially for new campers who want that outdoor experience, but aren't quite ready for tenting.

Lodges

Our 4 lodges are perfect for use during either the summer or winter. Each lodge is built complete with bunk-beds (sleeps 24), two separate leader rooms (each with a few beds) and full washroom, cooking and eating facilities. Note: Big Pine has double the capacity (sleeps 48).
